In response to the Official Action mailed on August 29, 2001, please amend the application as follows. A Petition and Fee for a two-month extension of time accompanies this Amendment.

IN THE SPECIFICATION

On page 2, lines 15-19, please replace the entire paragraph with the following:

A
According to the invention in a first aspect, a headlight for a motor vehicle, comprising a light source which cooperates with optical means to produce a beam which is generally spread widthwise, is characterized in that the optical means are adapted to create within the beam two distinct zones of maximum light intensity-
